

BILELULA

Due to the present situation, we have adapted our show Libèlul·la in order to respect the security measures and the distances. We have modified the space where the show is performed (it is not now the company marquee with a capacity of 50 people) to a new format where people can maintain the security distances.

Nevertheless, the show preserves the Libèlul·la original humor and spirit and guarantee the present regulations.

The capacity depends on the space and on the decision of the organization.

It is a show for all publics

Duration: 50 minutes
